

Basic Price

This includes the basic cost, for 6 nights site fees, a pitch and 2 persons, plus a return ferry crossing.

The minimum booking period for each site is indicated in the price panel set out next to the site description. There is no maximum or minimum period for the total length of a holiday. For holidays over 6 nights add the extra night rate.

Ferry supplements are on pages 26-32.

Campsite supplements are set out next to each site description.

Please note to take advantage of our inclusive package rates you must travel in each direction with the same ferry company. As an exception Brittany Ferries and Condor Ferries do allow single journeys provided that the return journey is with one of these two companies.

It is important to travel at the time you have booked. If you travel on a different departure you may be asked to pay a supplement at the vehicle check-in point. This also applies to Eurotunnel. Please ensure you allow plenty of time for the journey. The campsites will normally expect you to arrive no later than 19:30.

Second car there is a £100 charge if added to a booking when travelling at identical departure times, plus any relevant route supplement.

Pets there is a charge of £30 per dog or cat for travel on the ferry. Please note that you do not have access to your pet during the crossing. Select Sites make a charge of £10 for each pet. Not all sites accept pets. Please do seek advice on the suitability of particular sites especially if travelling in high season.
